

A* Algorithm -- Step-by-Step Trace (Start=a, Finish=c, $h=ds+de$)

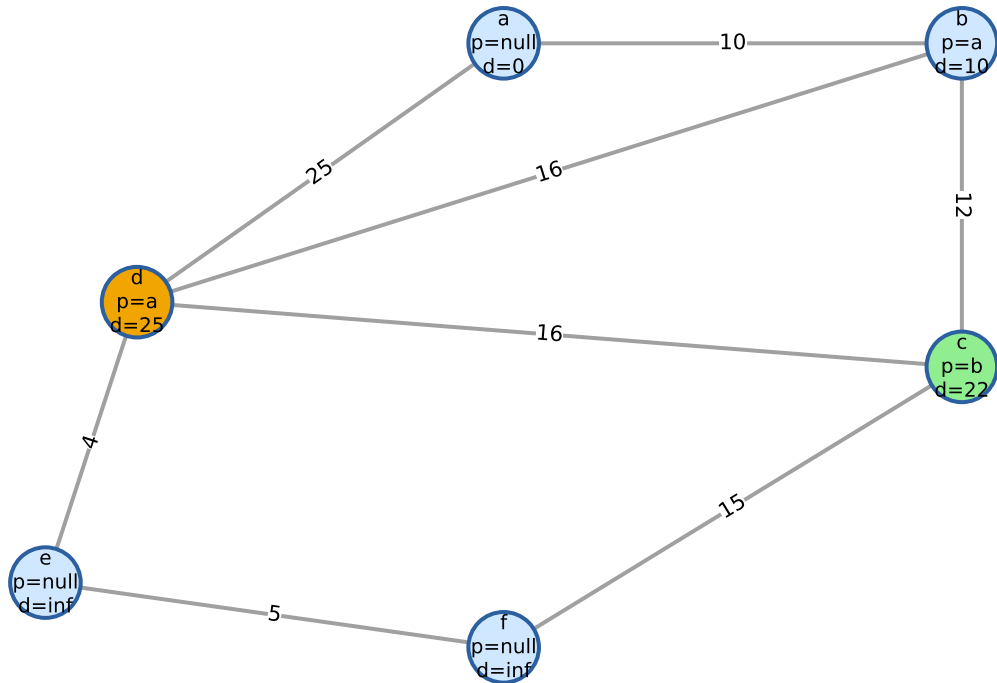

Step 1: a added to open list
open={a:0}

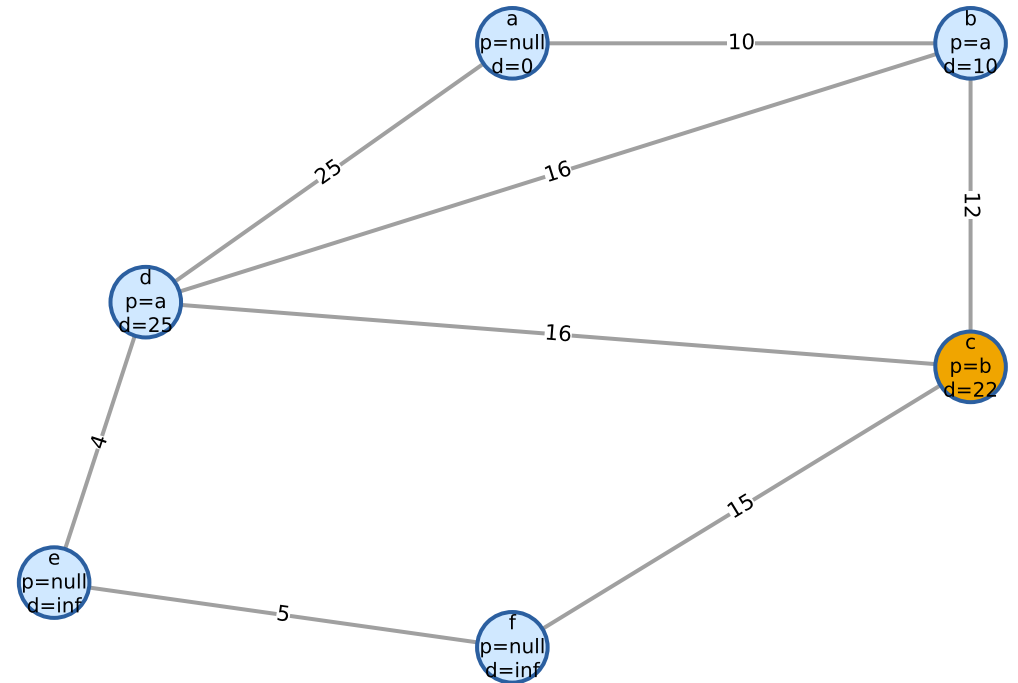

Step 2: b selected ($h=ds+de$)
openlist ordered by h

Step 3: d is current node
c and e added to open list

Step 4: finish c reached!
Trace prev labels: $c \leftarrow b \leftarrow a$

Current node
 In open list
